

Hello Everyone,

Tomorrow for Policy Council we will have the following groups

1. ERSEA- led by Sylvia
2. School Readiness-led by Jessica
3. Fiscal/Management Systems/Director Interview Questions-Gary, Mollie, Cindy
4. Health and Family Engagement-Sunni,Kylie and Carrie(Questions from School Readiness Head Start and Early Head Start Protocols)
5. Health and Safety Checklist-Jennifer
6. Health and Safety Checklist-Katrina

I will be reviewing the governance questions and answers to PC and Board as all members need to know the information as part of their roles and responsibilities.

Please come with the questions the PC will be asking and be prepared to answer them and give examples of policies, forms, reports, children files, regulations, goals, etc. to show as evidence. The idea of the self assessment is to find areas of strength and areas we may need to change/improve. Team leaders will use information from the self assessment to write up a report that will be used in the grant and at budget and planning, other information that will be included in the report will be changes you have made throughout the year either due to regulation changes or to make systems better. If there is a future cost to make changes please note that.

Thanks,

Melinda
